Tax Season is Over!!

Lets all just take a minute to be grateful for the fact that the busy tax season is over! However, if for some reason you are concerned about your return or have any questions it's never to late to ammend. Keep in mind that taxes don't need to be stressful. Feel free to ask us questions, we are here to help!

Did you owe Taxes this year?

Did you owe taxes this year and are worried about what to do when that bill comes for tax season next year? Let us help you! We can do a tax estimate for you. This way you can get a clear idea of how much you may end up owing next year and what would be a good amount for estimated tax payments throughout the year.

For Your Security

Unfortunately there has been a lot of fraud lately. Last year a number of people went to file their tax returns to find out they were already filed (not by them!). In order to keep this from happening

again, the IRS has created what's called an IP PIN for your security. You can access this information online at www.irs.gov/Individuals/Get-An-Identity-Protection-PIN. In order to get a pin you can go online and put in all of your information. Once the IRS can verify that it is actually you, they will send you a pin. You can use this pin every year when you file your taxes to prevent any fraud with your social security number.

Investment Product

You can invest in an IRA (traditional or Roth) before April 15th and claim it on your 2014 return! A traditional IRA can save you tax dollars now. Or you can do an SEP. SEP's can be done by the file date of your return or at the ending of the tax extension period. See what investment product fits you!
